

# Beaver Dam Community Hospital Patient Handbook

## **To You, Our Guest**

On behalf of the hospital employees, practitioners, volunteers, and the board of directors, we extend a personal welcome and thank you for choosing Beaver Dam Community Hospital (BDCH) for your current medical needs. It is our primary goal to provide you with quality care and make your hospital experience as pleasant as possible.

This guide will familiarize you with hospital policies and services and will answer the questions you may have during your hospital stay. If you have questions that are not addressed in the guide, please do not hesitate to request assistance from hospital employees.

We join you and your family in the hope that your stay will be comfortable and that you will soon be restored to full health.

## **ABOUT OUR ORGANIZATION**

### **OUR HISTORY**

In 1972, two Beaver Dam hospitals - Lutheran Hospital and St. Joseph's Hospital - consolidated to form non-denominational Beaver Dam Community Hospitals, Inc. (BDCH). This merger represented an awareness that the health care needs of Dodge County could best be served through a single hospital.

Over the years, BDCH underwent several expansions to meet the growing need for improved facilities and expanded health care services. In 2002, strategic objectives for meeting the future health care needs of the greater Dodge County area called for major renovation or construction of a new replacement hospital. In 2003, the decision to build a new replacement hospital was announced, and ground was broken on June 28, 2004 for the new building.

The new Beaver Dam Community Hospital opened for service on Feb. 11, 2006. The 60-bed acute care hospital combines advanced medicine and technology with a state-of-the-art facility to create a healing environment of care for patients and their families.

On May 1, 2019, Marshfield Clinic Health System (MCHS) completed its affiliation with Beaver Dam Community Hospitals, Inc., beginning a new era expected to transform the rural health care model for generations to come. While continuing our commitment to keeping care local, the affiliation provides an unprecedented opportunity to expand services, improve access and enhance the level of care to our region's residents.

Today, we provide a breadth of high quality health services, offering comprehensive primary and secondary care to people of all ages.

## **YOUR HOSPITAL**

Beaver Dam Community Hospitals, Inc. (BDCH) is a non-profit, non-stock corporation whose members are residents of the hospital's service area. The hospital's primary objective is to provide high quality patient care to all its patients at a reasonable cost, and to provide needed support for community health programs. Care is delivered with quality, competence and compassion to all people regardless of race, creed, age, sex, national origin, sexual orientation, or gender identity or expression.

Beaver Dam Community Hospitals, Inc. offers comprehensive inpatient, outpatient and continuing care services. In addition to our acute care hospital, the organization offers an entire continuum that includes: Hillside Manor, a 123-bed skilled nursing and transitional care facility; Eagle's Wings, a community based residential facility (CBRF); Remembrance Home, a dementia-specific CBRF; Stone Terrace, senior living apartment complex; BDCH Sports & Fitness Center; BDCH Medical Clinics in Beaver Dam, Horicon, Juneau, Columbus, and Waupun; BDCH Orthopedics and Sports Medicine, Sleep Center, Interventional Radiology, Advanced Wound Care, Pain Management, Chiropractic Services and Kids Care Child Care Center.

Beaver Dam Community Hospital is:

*~Accredited by the Joint Commission on Accreditation of Healthcare Organizations*

*~A member of the American Hospital Association*

*~A member of the Wisconsin Hospital Association*

*~A member of the Voluntary Hospitals of America*

*~Licensed by the Wisconsin Department of Health and Social Services*

*~In compliance with The Civil Rights Act of 1954*

*~Certified by the Department of Health and Human Services for participation in the Medicare program*

## **ABOUT YOUR ACCOMMODATIONS**

We want your room to be a clean and comfortable place for you and your family/visitors. If you have concerns regarding the cleanliness or temperature of your room, please let us know so that we can help. The temperature of each room is individually adjusted for comfort.

### **ROOM ASSIGNMENT**

Your room assignment at BDCH is based upon your medical condition and diagnosis. All patient rooms are private.

### **CALLING YOUR NURSE**

Each patient bed is equipped with a nurse-call system that rings directly to the nurses' station. When you push the button, the staff is alerted that you need assistance, and a light flashes above your door. A staff member will respond to your signal quickly.

### **TELEVISION, DVD, RADIO, PATIENT EDUCATION CHANNEL**

Each patient room is equipped with a television and free cable service. Nursing staff will show you how to operate the controls, and a channel directory will be supplied. A DVD player or portable radio is available upon request.

Channel 64 is the hospital's closed circuit TV station which features a number of health-related programs. (Channel 65 is the newborn channel, and 66 is the Spanish version of the newborn channel). An education channel program directory will be supplied.

## **ACCOMMODATIONS FOR FAMILY**

BDCH recognizes the importance of family and friends in the healing process. Each patient room has ample seating and a sleep accommodation for a family member or friend.

## **TELEPHONES**

Telephones are provided in each room. Patients may receive calls in their rooms. Local calls may be made at any time from the room by dialing 8 and the number. Long-distance and toll calls can be made at any time by dialing 8-0 and the number. Long-distance calls cannot be charged to your room. You can make a credit card call or charge a long-distance call back to your home number. You may call the hospital operator for assistance by dialing 0 at any time.

## **HEARING ASSISTIVE DEVICES**

A number of assistive devices are available for patients who are hearing impaired. Ask your caregiver for assistance.

## **MAIL**

Volunteers deliver letters and packages for patients each morning. Letters and parcels that arrive after you have been discharged are forwarded to your home. Outgoing mail may be left at the nurses' station or given to a volunteer.

## **FLOWERS AND NEWSPAPERS**

Volunteers deliver to your room any flowers sent to you. Local newspapers are available in patient care units at no charge.

# **FOR YOUR SAFETY AND SECURITY**

## **MEDICATIONS**

Upon admission, please tell your nurse what medications you are currently taking, including vitamins and herbal supplements. Drug, food and latex allergies should be brought to our immediate attention. Medications brought from home must be checked by our pharmacist to avoid a possible drug reaction with medications prescribed during hospitalization.

## **VALUABLES**

We suggest that checkbooks, credit cards, and jewelry be sent home with a family member. If you keep valuables with you, we strongly encourage you to store them in our office safe until discharge. We suggest you keep no more than \$5 cash with you. We cannot be responsible for items or money kept in your room.

## **LOST AND FOUND**

If you lose something, please notify your nurse right away, and we will make every effort to help you find it. Unclaimed articles are kept for 30 days, with the exception of valuables, which will be kept in the Business Office safe for six months.

## **HAND SANITIZER**

To help fight the spread of infection, it is important to wash your hands often. If hands do not look dirty, they can be sanitized with an alcohol-based hand sanitizer. Hygiene stations are conveniently located in each patient room. Rub the sanitizer all over your hands, especially under your nails and between your fingers, until your hands are dry. If hands are visibly soiled, use soap and water. Clean your hands before touching or eating food and after you use the bathroom.

## **SMOKING**

Beaver Dam Community Hospital is a tobacco-free environment. If you are a smoker, discuss with your doctor the options available to you during your hospital stay, and ask your nurse for a “smoke-free kit.”

## **FIRE DRILLS**

For your protection, the hospital conducts fire and disaster drills regularly. If a drill occurs while you are here, please remain in your room and do not become alarmed. The hospital staff is trained to act in case of emergency.

## **OXYGEN**

Special regulations are in effect when patients are receiving oxygen. Electrically operated equipment and aerosol products are not permitted in these areas. Absolutely no smoking is permitted in any room where oxygen is in use or on standby.

## **ELECTRICAL APPLIANCES**

We urge patients not to bring electrical devices or equipment to the hospital. If you do, each of these must be checked visually by a hospital employee for its condition.

# **PATIENT AND FAMILY SERVICES**

Beaver Dam Community Hospital is committed to providing high quality, patient-centered care and services. We believe our patients and their families deserve certain amenities to make your health care experience the best it can be.

## **INTERPRETER SERVICE**

Free interpreter services are available upon request. *Ofrecemos servicios de interpretacion gratuitos par alas personas que lo soliciten.* If you would like an interpreter, please ask a staff member. *Si necesita un interprete, por favor dejele saber al personal de el hospital.*

## **PASTORAL CARE**

In recognition of the spiritual needs of patients and their families, a spiritual needs assessment is completed when you are admitted. If you would like your pastor/priest contacted, please state your wishes on this assessment form. If you are not connected with a church, but would like to speak with a member of the clergy, ask your nurse to contact the pastor on call.

## **DISCHARGE PLANNING/SOCIAL SERVICES**

Social workers are available to give support to patients and families coping with the social and emotional aspects of the patient’s illness. In addition, social workers and discharge planning nurses help patients and families make plans and arrange for continued care, when needed, following discharge from the hospital.

## **LOUNGES AND MEDITATION ROOM**

There are specially-designed lounge areas for patient and visitor use on each floor of the hospital. A non-denominational meditation room, located off the main hospital lobby on 1<sup>st</sup> floor, may be used by patients and their families when a private place to relax or pray is desired.

## **GIFT SHOP**

The gift shop is located on the 1<sup>st</sup> floor off the main hospital lobby. It is operated by volunteers from Partners of BDCH and offers a variety of gifts, toys, greeting cards, books, toiletries and snacks. Hours of operation: Monday – Thursday, 9 a.m. – 4:30 p.m.; Friday, 9 a.m. – 3:30 p.m.;

closed on Saturdays, Sundays, holidays.

## **FOOD AND NUTRITION SERVICES**

A restaurant style Room Service Menu offers a wide variety of options to meet your nutritional needs. We offer seven diet specific menus depending on what has been prescribed for you. Room Service orders may be placed anytime between 7 a.m. – 6 p.m. and will be delivered to your room within 45 minutes of being ordered. Patients who would like help with menu selections may request assistance from either Nursing staff or Food & Nutrition Services. Clinical Dietitians are available to provide consultation with patients and family members.

We invite family members and other visitors to use the Blue Zones Approved Café. The Café, located on the first floor between the main entrance and Hillside Manor, serves made to order breakfast from 6:45 a.m. – 9:15 a.m., lunch from 11 a.m. – 1:15 p.m., and dinner from 4:30 p.m. – 7 p.m. Monday through Friday. Weekends and Holidays the dinner service is from 4:30 p.m. – 6 p.m. Grab 'n' Go Sandwiches, snacks, pastries, beverages, and the Homemade Soup & Salad Bar are available from 11 a.m. – 7 p.m. during the week and 11 a.m. – 6 p.m. on weekends and Holidays.

Room Service guest trays are available for family and friends. Guest tray vouchers can be purchased in the Café during business hours. Please purchase the voucher prior to ordering your meal. There is also Family Kitchen/ Lounges with complementary coffee, ice, water and microwave for your convenience in the patient care areas.

The vending machine area, located near the entrance to the Café, offers snack food and beverages and is available 24 hours daily.

Because most patients have special dietary needs, visitors are reminded to check with the nursing staff or Dietitian before bringing snacks to a patient.

## **VISITING HOURS**

Family members and friends play an important role in healing and recovery and are welcome to visit. When they visit or call the information desk, we will provide your room and phone number. Please tell us if you do not want this information released.

Some visiting guidelines have been established and include:

- Visitors may not use tobacco in patient rooms or anywhere in the hospital or on hospital grounds.
- Visitors must dress appropriately and must wear shoes and a shirt.
- People with colds, sore throats, or any contagious diseases, should not visit patients. Visitors are asked to maintain a quiet environment and avoid unnecessary noise

### Medical-Surgical Unit

Visiting hours are 6 a.m. - 8 p.m. Between the hours of 8 p.m. – 6 a.m. access to the hospital will be limited to the Emergency Department entrance.

### Intensive Care Unit (ICU)

Visiting hours are the same as what is listed above for the Medical-Surgical Unit. Generally there is a limitation of no more than two visitors at a time allowed at the bedside. Based on the patient's condition, the visit time may be limited to 10 minutes per hour. The ICU may be closed to visitors if resuscitative procedures or surgical recoveries are in effect. The physician may further prohibit visiting hours if deemed necessary.

### Women's Health/Obstetrics/Nursery:

Visiting hours are generally from 6 a.m. - 8 p.m. Between the hours of 8 p.m. – 6 a.m. access to the hospital will be limited to the Emergency Department entrance. Children are encouraged to visit under adult supervision. State regulations do not allow siblings or

children to visit in the nursery.

## PATIENT'S RIGHTS AND RESPONSIBILITIES

You are an essential part of the health care team, and you or your representative has the right to be notified of your rights and responsibilities. A copy of "Patient's Rights and Responsibilities" is included in your admission folder. Please take a moment to read this information. We encourage you to bring any questions or concerns regarding your rights and responsibilities to our immediate attention. It takes all of us working together to assure your health and healing.

## PATIENT CONCERNS

If at any time you have questions or concerns about the quality of your care, please ask them of your physician or the nursing staff. If your concerns are not adequately addressed, please dial "0" and ask to speak to the nurse director of the unit, or the nursing supervisor.

### GRIEVANCE PROCEDURE

Beaver Dam Community Hospital encourages patients and patient families to report complaints to hospital staff so that problems can be resolved to your satisfaction. Complaints can be registered without fear of reprisal. You also have the right to file a complaint, or grievance. To file a grievance, you may contact our patient representative either by phone at 920-887-5967, or in writing to:

Beaver Dam Community Hospital  
Attention: Quality Department  
707 S. University Ave. - Beaver Dam, WI 53916

Beaver Dam Community Hospital will respond to all grievances in a timely manner.

Mail: Office of Quality Monitoring  
The Joint Commission  
One Renaissance Boulevard  
Oakbrook Terrace, Illinois 60181

## **D. U.S. Centers for Medicare & Medicaid Services.**

7500 Security Boulevard,  
Baltimore, MD 21244  
Email: MyMedicare.gov

### **E. The Office of Civil Rights**

OCRComplaint@hhs.gov

Note: All complaints must be submitted electronically via email or the OCR submission portal.

## **ETHICS COMMITTEE**

Beaver Dam Community Hospitals, Inc's Ethics Committee is a resource for patients and family members facing difficult treatment choices and ethical concerns during a hospitalization. If you would like to consult with the Ethics Committee, please tell your physician, your caregiver, or a member of the Case Management department.

## **CASE MANAGEMENT/SOCIAL SERVICES**

Case Managers and social workers are available to give support to patients and families coping with the social and emotional aspects of the patient's illness. In addition, social workers and discharge planning nurses help patients and families make plans and arrange for continued care, when needed, following discharge from the hospital.

## **PATIENT SATISFACTION**

While you are a patient, we encourage both you and your family to bring questions and concerns to our immediate attention so that we can address them as soon as possible. You may receive a survey following discharge asking questions about your hospital stay. Your honest feedback is welcome, and your comments and suggestions are valued as a means of continually improving care at BDCH.

## **ADVANCED DIRECTIVES**

An advanced directive is a written document prepared to specify your wishes for health care, or life support. The most common type of advanced directive is the Power of Attorney for Health Care. It is recommended that competent adults, age 18 and over, have an advanced directive/Power of Attorney for Health Care document, but you do not need an advanced directive to receive medical treatment.

An advanced directive allows you to:

- control decisions and list any special wishes about your future health care needs
- choose someone you trust to be your spokesperson if you are ever unable to speak for yourself
- save your family the heartache and burden of making health care decisions for you without knowing your wishes or having to guess what types of care and treatment you would want to receive
- help avoid costly guardianship proceedings

Note: Health care providers may not be able to carry out a person's wishes just because it is "what the family decides." It is definitely better to have your wishes in writing.

A Power of Attorney for Health Care does not become effective until it is determined that the person is incapacitated. It remains in effect indefinitely unless the person revokes the document or regains capacity to make health care decisions. You do not need a lawyer to do a Power of Attorney for Health Care but should consult one if you have any questions or want

legal help.

Your nurse will ask you upon admission if you have an advanced directive. If you do, it is important for your physician and the hospital to have a copy. If you would like more information, please request an "Advanced Directive" packet. If you have any questions or need help in completing your Power of Attorney for Health Care, please ask to speak with a member of the Social Services Department.

## **DISCHARGE FROM THE HOSPITAL**

When you are medically ready, your physician will write an order for your discharge from the hospital. Beaver Dam Community Hospital's Case Management Department is available to assist you, should continued care be needed at discharge from the hospital. Together with you and your family, a social worker or discharge planning nurse will determine what continued care services may be needed, and available options for service will be explained. Referral for continued care services is made with the consent of the patient or an authorized representative.

## **HOSPITAL BILLS AND INSURANCE**

### **IF YOU HAVE HEALTH INSURANCE**

We will need a copy of your identification card. We also may need the insurance forms which are supplied by your employer or the insurance company. You will be asked to assign benefits from the insurance company directly to the hospital. All patients should familiarize themselves with the terms of their insurance coverage. This will help you understand the hospital's billing procedures and charges.

### **IF YOU ARE A MEMBER OF AN HMO OR PPO**

Your plan may have special requirements, such as a second surgical opinion or pre-certification for certain tests or procedures. It is your responsibility to make sure the requirements of your plan have been met. If your plan's requirements are not followed, you may be financially responsible for all or part of the services rendered in the hospital. Some physician specialists may not participate in your health care plan, and their services may not be covered.

### **IF YOU ARE COVERED BY MEDICARE**

We will need a copy of your Medicare card to verify eligibility and process your Medicare claim. You should be aware that the Medicare program specifically excludes payment for certain items and services such as cosmetic surgery, some oral surgery procedures, personal comfort items, hearing evaluations and others. Deductibles and co-payments also are the responsibility of the patient.

### **IF YOU ARE COVERED BY MEDICAID**

We will need a copy of your Forward card. Medicaid also has payment limitations on a number of services and items. Dental related services are not covered.

### **IF YOU HAVE NO INSURANCE**

A financial counselor from the Patient Accounts Department will discuss financial arrangements with you.

### **YOUR HOSPITAL BILL**

The hospital will submit bills to your insurance company, as a courtesy, and will do everything possible to expedite your claim. You should remember that your policy is a contract between you and your insurance company, and you have the final responsibility for payment of your hospital bill. We have several payment options available to assist you in paying your bill.

If you have certain tests or treatments in the hospital, you may receive bills from physicians you did not see in person. These bills are for professional services rendered by the doctors in diagnosing and interpreting test results while you were a patient. Pathologists and radiologists perform these services and are required to submit separate bills. If you have questions about those bills, please call the number printed on the statement you receive from them.

## **BEAVER DAM COMMUNITY HOSPITAL SERVICES**

### **CLINICAL SERVICES**
